Environmental Policy

Last Updated On : 08/03/2024

1. INTRODUCTION

RS Agri Ltd (referred in this notice as “our”, “we” or “us”) understand that we have a responsibility to the environment beyond legal and regulatory requirement. We are committed to reducing our environmental impact and continually improving our environmental performance as an integral part of our business strategy and operating methods, with regular review points. We will encourage customers, suppliers, and other stakeholders to do the same.

2. RESPONSIBILITY

As a Director, I, Sam Lloyd is responsible for ensuring that the environmental policy is implemented and followed by everyone in RS Agri Ltd. However, all employees have a responsibility in their area to ensure that the policy aims, and objectives are met.

3. POLICY AIMS & OBJECTIVES

We endeavour to:

- Comply with and exceed all relevant regulatory requirements.
- Continually improve and monitor environmental performance.
- Continually improve and reduce environmental impacts.
- Incorporate environmental factors into business decisions.
- Increase employee awareness and training.

3.1 Recycling & Paper

We will try to:

- Recycle as much as possible.
- Minimise the use of paper in our offices.
- Buy recycled and recyclable paper products.
- Reuse and recycle all paper where possible.

3.2 Sending Out Parts & Packaging

When sending out parts we will try to:

- Recycle as many boxes from supplier as possible.
- Recycle as much packaging materials from suppliers as possible.
- Use new recycled packaging materials and boxes.

3.3 Energy & Water

We will try to:

- Use solar panels to generate electricity for our devon office.
- Reduce the amount of energy used as much as possible.
- Switch off all lights and electrical equipment when not in use.
- Adjust heating with energy consumption in mind
- Reduce the amount of diesel heating used on our premises.
- Take into account energy consumption and efficiency when purchasing new products & equipment.

3.4 Office Supplies

We will try to:

- Evaluate if the need for office supplies can be met in another way.
- Evaluate if renting or sharing is an option before purchasing equipment.
- Evaluate the environmental impact of any new products before purchasing them.
- Favour more environmentally friendly and efficient products wherever possible.
- Reuse and recycle everything we are able to.

3.5 Parts Storage

We will try to:

- Store all parts in either metal or recycled plastic parts bins.
- Reuse old metal or plastic parts bins instead of purchasing new ones.
- Ensure that all parts bins have a low production carbon footprint

3.6 Transportation

We will try to:

- Reduce emissions by using vehicles that are Euro 6 compliant
- Reduce pollution by using vehicle that have AdBlue systems fitted to them.
- Promote the use of travel alternatives such as email or video/phone conferencing.
- Favour 'green' vehicles and maintain them rigorously to ensure ongoing efficiency.
- Reduce the need to travel, restricting to necessity trips only.
- Make additional efforts to accommodate the needs of those using public transportation or bicycles.

3.7 Maintenance & Cleaning

We will try to:

- Use cleaning materials that are as environmentally friendly as possible.
- Use materials that are environmentally friendly as possible in any office refurbishment.
- Use licensed and appropriate organisations to dispose of waste.

3.8 Culture

We will try to:

- Involve staff in the implementation of this policy, for greater commitment and improved performance.
- Update this policy at least once annually in consultation with staff and other stakeholders where necessary.
- Provide staff with relevant environmental training.
- Work with suppliers, contractors and subcontractors to improve their environmental performance.
- Use local labour and materials where available to reduce CO₂ emissions and help the community.

4. MONITORING & IMPROVEMENT

We are committed to seeking continually improving the environmental standards of our company. We will try to:

- Comply with and exceed all relevant regulatory requirements
- Continually improve and monitor environmental performance.
- Continually improve and reduce environmental impacts.
- Incorporate environmental factors into business decisions.
- Review this policy and any related business issues at our monthly management meetings.

5. AMENDMENTS TO THIS PRIVACY NOTICE

From time to time, we may update this policy to reflect new or different practises or laws. If we make amendments, we will revise the "Last Updated On" date on the front page of this policy and update the environmental policy link on our website.
